#2 – Tax Mitigation

Contractors - Save Tax - Avoid IR35 risk!

If you or anyone you know is currently working as a self-employed contractor then we can help you save tax and remove the threat of IR35.

The key benefits are:

- Take home pay targeted to be 80% of gross **after** taxes and all costs
- Removal of IR35 risk
- Provision of all administration and insurances
- No joining or exit fees
- No minimum or maximum employment periods
- Personal account manager for each contractor
- Prompt payment mechanisms
- Scheme registered with Inland Revenue
- Currently 2500 contractors using it paid £25m per month

For a contractor earning £100k per annum gross, that could mean a difference of up to £25,000 a year.

It is applicable for CIS contractors, NHS staff such as physiotherapists, IT consultants – in fact anyone working on a contractual basis.

This is an Inland Revenue registered scheme run by an accountancy practise specialising in helping contractors to remain legal and maximise their earnings.
